

*The Governor of Lower Austria*

St. Pölten, June 11<sup>th</sup> 2007

Dear Mrs. President!

First of all I want to thank you and your Region of Piedmont as lead partner for your efforts and your successful organisation in terms of the Interreg 3b project "Alpcity" in the last years.

Because of the great results of the cooperation I want to underline our willingness to go on in the prosecution of Alpcity with the Region of Piedmont as lead partner.

The Province of Lower-Austria is highly interested in capitalisation of the achieved positive results and the fruitful know-how-transfer, which has positive effects for all partners.

I hope we can continue our cooperation in line with the new program of European Territorial Cooperation to gain funds from the European Union.

Best regards
